|------|---|
| Pros | <ul style="list-style-type: none">• Minimally invasive (no shots)• Aesthetic• Durable• Biocompatible |
| Cons | <ul style="list-style-type: none">• GIC alone may not mask the entire SDF black scar• Larger lesions may require a full coverage restoration• SMART is a treatment for cavities, not a cure |

* Proper diet and oral hygiene, including daily flossing, are critical for long-term success
